PROFESSIONAL SUMMARY

MCA graduate and UI/UX Designer with hands-on experience in user-centered interface design, wireframing, high-fidelity prototyping, and modern front-end integration. Proven ability to bridge visual creativity with technical execution using Figma, React JS, and Full-Stack methodologies. Dedicated to creating seamless and intuitive digital products that solve real-world user problems.

EDUCATION

Master of Computer Applications (MCA) <i>KMM College of Arts & Science, Thrikkakara CGPA: 8.10</i>	05/2021 – 08/2023
Bachelor of Computer Applications (BCA) <i>BPS College, Piravom CGPA: 7.30</i>	05/2015 – 08/2018

TRAINING & INTERNSHIPS

UI/UX Design Intern <i>Techmindz, Infopark, Kochi</i>	01/2026 – 05/2026
- Conducted user research, defined target personas, and created structured user flows and information architecture. - Designed low-fidelity wireframes, high-fidelity UI mockups, and interactive prototypes using Figma for mobile and web apps. - Collaborated on design consistency, usability testing, and visual accessibility standards.	
Python Full Stack Intern <i>Inmakes Learning Hub, Vyttila, Kochi</i>	09/2023 – 02/2024
Developed full-stack web features using Python, HTML5, CSS3, and relational database management systems.	
MERN Stack Intern <i>CamerinFolks, Kakkanad, Kochi</i>	07/2023 – 12/2023
Built responsive front-end user interfaces with React JS, JavaScript, and Node.js components.	

PROJECTS

Fix-It (On-Demand Home Services Platform) <i>UI/UX Case Study Tools: Figma</i>	04/2026
- Designed a 3-way ecosystem comprising a mobile app for customers to book services, a worker app, and an admin web dashboard. - Executed UX research, user journey mapping, wireframing, and interactive prototyping focused on seamless booking conversion.	
True & Easy Medicine Using Blockchain <i>Python, HTML, CSS, MySQL, Blockchain</i>	05/2023 – 08/2023
Developed a tracking interface and web app to verify authentic medicine distribution from manufacturers to consumers.	
Immigration Clearance System <i>Python, MySQL</i>	11/2022 – 03/2023
Created a management interface for immigration authorities to streamline verification and track clearance records.	

TECHNICAL SKILLS

UI/UX Design: User Research, Wireframing, Prototyping, High-Fidelity Design, User Flows, Design Systems

Tools & Software: Figma, FigJam, Canva Pro, Adobe XD

Development: HTML5, CSS3, JavaScript, React JS, Python, MERN Stack, MySQL, MongoDB

Soft Skills: Problem Solving, Team Collaboration, Critical Thinking, Communication

WORKSHOP & SEMINAR

- Cyber Security Workshop:** Participated in hands-on Cyber Security workshop conducted at KMM College (01/2023).
- Autonomic Computing Seminar:** Prepared and presented a seminar on Autonomic Computing during MCA coursework (03/2023).
